

## List of reviewers

We would like to express our gratitude to the following people who provided assessments of at least one manuscript submitted to Archives of Polish Fisheries in 2015

- |                                     |                                   |
